

**GeoConnections' Canadian Geospatial Data Infrastructure – CGDI  
Development Network Technical Workshop**

**Thursday February 27<sup>th</sup> 2003  
8:30 – 17:00**

Centre de Recherche en Géomatique – CRG  
Salle Jean-Paul Tardif (local 1334) – Pavillon La Laurentienne  
Université Laval - Québec (QC)

**Agenda**

<b>8 h 30</b>	Welcome & Registration			
<b>9 h</b>	<b>Introduction / Overview: GeoConnections &amp; CGDI</b>			
	Welcome note Dr. Bob O'Neil NRCan/GeoConnections	CGDI Dev Network Objectives/Agenda Mohamed Habbane NRCan/GeoConnections	GeoConnections program Stefan Palko NRCan/GeoConnections	CGDI Vision, Architecture & Implementation Sylvain Latour NRCan/GeoConnections
<b>10 h 15</b>	Refreshment & Networking Break			
<b>10 h 45</b>	<b>Geospatial Data Infrastructure: Standards, Technologies &amp; Applications</b>			
	Metadata standards & discovery services Serge Kéna-Cohen, Intélec Géomatique	Internet Web Mapping & geospatial data visualization Daniel Morissette, DM Solutions	Access to services & geospatial data Edric Keighan, CubeWerx	
<b>12 h 30</b>	<b>Lunch (provided) &amp; ad-hoc Demos: Enabling CGDI</b>			
	<u>Data &amp; Metadata</u>	<u>Services</u>	<u>Applications</u>	
	Metadata for CGDI Serge Kéna-Cohen, Intélec Géomatique	Wireless Services for CGDI Edric Keighan, CubeWerx	On-Line Geospatial Data Access & Visualization D. McIlhagga, DM Solutions	
	Semantic Data Interoperability based on ISO/TC 211 and OGC: the Perceptory Yvan Bédard, Centre de Recherche en Géomatique, Université Laval	Geobase Portal & Toporama II Services François Paquette, NRCan/Centre for topographic information – Sherbrooke	On-Line Web Mapping for Maritimes Resources Denis Desrosiers, CARIS	
	Imagery and Coverage services Stéphane Fellah, PCI Geomatics	CGDI Services Judy Guenette, NRCan/Canada Centre for Remote Sensing	On-Line Geospatial Data dissemination Danny Grondines, LBG1	
<b>14 h</b>	<b>Community of practice</b>			
	Geomatics within the government of Québec – concerted management Réal St-Laurent, Ministère des Ressources naturelles du Québec	Application of GIS technology into the field of Dams' safety Vincent Roy, Hydro-Québec	Architecture, geomatics services and contextual management of geospatial information in support during emergency situations François Létourneau, R&DDV	
<b>15 h</b>	Refreshment & Networking Break			
<b>15 h 15</b>	<b>Panel</b>			
	Sylvain Latour NRCan/GeoConnections	Yves Hudon Treasury Board Secretariat of Québec	Dr. Yvan Bédard (Facilitator) CRG	Christian Giroux DMR
<b>16 h 30</b>	<b>Closing (NRCan/GeoConnections)</b>			
<b>16 h 35</b>	<b>Networking and Social Break</b>
